Table 1 Summary of the results

Monomer	G ft ra	Polymerizat ion	
---------	---------	-----------------	--

SG-MMA	high	radical (anionic)	addition of inhibitors temperature
--------	------	-------------------	------------------------------------

	high	radical (anionic)	addition of inhibitors
--	------	-------------------	------------------------

SG-VCl	high	radical	addition of inhibitors
--------	------	---------	------------------------
